PROFILE

I'm a Year 2 Economics student at Kitas Gymnasium with practical experience across retail, customer service, coaching, AI automation and performance marketing. I've taken on responsibility early, from leading my own MMA sessions to working with AI-driven marketing systems and helping customers in a retail environment. I'm particularly interested in business, technology, finance and entrepreneurship, and I enjoy learning by building things and taking on practical challenges. I work well independently, but I also value being part of a team and contributing wherever I can.

EDUCATION

Kitas Gymnasium, Göteborg — Economics Programme, Specialisation in Economics 2025–2028
Currently in Year 2 • Expected graduation: 2028

EXPERIENCE

MMA Instructor — Fighter Centre, Göteborg June 2026 – Present
Lead my own MMA training sessions, planning and conducting sessions independently. I coach participants with different levels of experience and am responsible for creating a structured and productive training environment.

MMA Assistant Instructor January 2026 – May 2026
Assisted with MMA training sessions, supported participants during exercises and helped instructors run structured sessions.

Assistant Instructor → Instructor

AI Automation and Performance Marketing Intern — Helium June 2026 – August 2026
Worked on AI automation and performance marketing, with a particular focus on automating and optimising Meta Ads. I helped develop AI-driven systems for marketing and social media processes and worked with campaign optimisation and automation.
Letter of recommendation available.

Retail Associate — Saronkyrkan Second Hand February 2026 – May 2026
Worked in a customer-facing retail environment, handling sales, cash register and payments, café duties, and general shop operations. I also helped customers with furniture and technology and gained experience dealing with different customer needs.

Football Instructor — ISGR September 2026 – Present
Coach football for children, leading and structuring training sessions and giving clear instructions throughout activities. The role involves working with younger participants, keeping sessions organised and helping create a positive training environment.
